

Mapcite Excel Add-in

Offline Activation

To activate either the free or paid for versions of the Mapcite Excel add-in the software needs to communicate with the Mapcite Activation server however there are times when this isn't possible due to corporate firewall or occasionally personal firewall settings. As it's often not desirable to change firewall setting from the users or the business point of view so we have provided an **Offline Activation** method as a work around in these situations.

How To

Step 1

Welcome To Mapcite

Thank you for Installing Mapcite for Excel
